Doane Highlights

Environmental Science major, Political Science
and Biology minors

Hansen Leadership Mentor

Environmental Science and Biology tutor

Omega Psi Theta sorority member

Current Highlights

Water Resources Technician

Upper Big Blue Natural Resources District
York, NE

Annually sampling over 250 domestic and over 175 irrigation wells for total nitrates. Processing bacteria samples for rural domestic water wells. Assisting with water level measurements and flowmeter installation inspections. Wellhead Protection and Nebraska Rainfall Assessment and Information Network (NeRAIN) coordinator for the Upper Big Blue NRD.

Courtney Remembers

"I had great professors. They would take you waist deep in a pond, canoeing down the Niobrara or have you holding onto a big brown bat. Fantastic adventures where half-way through the experience you realized you were in class."
